

# PASTORAL CARE - HELPING PEOPLE IN CRISIS PART 1 & 2

## Pastoral Care and Counselling

A study of helping skills for pastors. This course reviews basic counselling principles, working with people in crisis situations, in times of grief, in times of death and dying. The course also reviews referral opportunities, community resources, and ethical guidelines, including confidentiality and reportable offenses.

The resourcing pastoral carers component offers a Christian perspective of pastoral care, including - human need, the caring relationship, listening skills, safe practice, other resources and reflective practice. This course is suitable for church members and Pastors

**£170**  
per course
